

CLARK

GRAVE VAULT,
Only memories last longer

June 17, 2022

Dear Funeral Service Partner:

Effective July 1, 2022, we will be adding a 10% surcharge to all of our burial products and delivery services. Over the past few months, we have seen a very rapid increase in raw materials and a very large and rapid increase in shipping costs. We have thoroughly examined our costs and prices and since we think these increases are more temporary than permanent, we feel the fairest option for our customers is to implement a surcharge rather than a price increase.

Over the next few months, we will continue to monitor a variety of our costs and will adjust the surcharge as needed. When placing orders, please ask what the current surcharge is if you don't know.

All orders delivered or picked up after June 30, 2022, will have a surcharge on both product and delivery, if applicable. We understand that surcharges and price increases are not popular issues to discuss; but please understand we have taken these steps because it is necessary in the current economy and with rapidly changing costs.

We appreciate your support and business over the years and look forward to serving you in the future.

Sincerely,

Doug Beck
Vice President
